

BOARD POLICY 1.43

Dogs Policy

Falls Creek Alpine Resort Management Board ('the Board')

1. Scope

The *Alpine Resort (Management) Regulations 2020* provide the regulatory framework for the control of dogs within Falls Creek Alpine Resort. Dogs or any other animals cannot be brought into the resort without the authority of the Falls Creek Resort Management Board. This document outlines the policy of the Falls Creek Alpine Resort Management Board for the entry and occupancy of dogs within the Falls Creek Alpine Resort. This policy is specific to dogs with all other animals excluded from the Resort.

This policy outlines and assists the Board to manage the resort whilst allowing residents to live with their dogs. The policy also:

- Outlines the dog permit eligibility criteria and how the process is administered fairly.
- Establishes the Board's tolerance for non-compliance and enforcement standards.
- Outlines the Board's expectations regarding the behaviour of permit holders.

The Board's approach in updating the Resort policy on dogs has been to balance environmental risks with the social, emotional, and physical benefits of ownership whilst taking into account residential and employment considerations. The intent of this policy is to establish the terms and conditions that allow for responsible and manageable dog ownership in the Resort.
